

## Head's Welcome

I think the year 6 children (and staff!) are absolutely exhausted today– it has been a very busy fortnight for them! Following an action-packed, successful trip to PGL last week, they then went on to visit Stockport Air Raid Shelters this week as part of their learning about Childhood in Britain through the ages. The Year 3 team have also been on an educational visit this week, where they visited Bolton Museum and the children were able to bring together all their learning on Ancient Egypt. As well as educational visits and landing pads for this half term's topics, we have also been focused on our mental health and wellbeing following World Mental Health Day on Tuesday. As many of the families will know, last year, we introduced Mental Health Champions into each class and these children were trained in how to support their friends who might be struggling with their wellbeing. This year, we are delighted that everyone in school will get the opportunity to follow this programme

and, by the end of the year, every child in school will graduate as Mental Health Champions. We believe it is crucial that our children develop the skills to recognise when they are struggling with their emotions, and then equip them with strategies they need to deal positively with these feelings. We also discussed the 5 steps to Wellbeing as ways in which we can look after our mental health every day, keeping ourselves mentally fit and well.
